

PanTerra Networks is a unified cloud service provider, delivering its family of secure, ultra-reliable, future-proof solution for SMB and Mid-market enterprises. PanTerra includes **Streams**, a complete unified communications and collaboration service. PanTerra also includes **SmartBox**, the world's first communications-enabled file sync & share service. All PanTerra services can be self-managed by customers or authorized partners, or subscribed to as a fully-managed service with **Sentra-Cloud**. With PanTerra's unified cloud service solution, enterprises gain the highest levels of security, scalability, reliability, availability, quality of service, service level agreement and support available, while significantly lowering their total cost of operations and IT administration complexities.

File Sharing that Communicates.

Cloud storage is great for sharing content, but what happens after you share something? Do you play phone tag or email tag trying to communicate or collaborate with everyone? SmartBoxSM provides business-class secure cloud storage, and simple file sharing with built-in communications and collaboration features. Users can upload files, create folders and share content with anyone, anywhere in the world. Files and folders can be accessed and synchronized with a variety of devices – including desktop, notebook, tablets and smartphones.

Communications and User Content Together.

Tired of searching for your voicemails, faxes, IMs and call recordings on separate systems? With SmartBox, all your communications content is available in one place, from the cloud, from any device, anywhere in the world.

Sub-Folder Sharing Flexibility.

Unlike other file sharing solutions, SmartBox allows you to share exactly what you want regardless of where the content resides. Whatever folder organization you create, just point to the file or folder

and share it with whomever you want!

Anytime, Anywhere Super-Reliable File Sharing.

SmartBox utilizes the same super high reliable data-centers and infrastructure as PanTerra's Unified Communications service, which means SmartBox delivers an industry re-defining 99.999% availability! With SmartBox, you can always be assured you will have access to your data and communications – anytime, anywhere.

Enterprise Secure File Sharing.

SmartBox takes file sharing security to another level with “virtual VPN” security, virtually eliminating unauthorized access to your sensitive content. And, with fully encrypted transfers, HIPAA compliance and hardened datacenters, SmartBox delivers the same level of enterprise security that thousands of PanTerra customers depend on every day.
